

# Time to choose the right **power source**

Your Reliable Swiss Battery Expert

## WHY CHOOSE RENATA BATTERIES?

### **RELIABLE**

We are a company of the Swatch Group Ltd. - a strong diversified industrial holding and the #1 manufacturer of finished watches. Thanks to this solid foundation, we have become a reliable and steady partner of the watch industry in the last decades.

### **CO-OPERATIVE**

A close cooperation and high customer focus are our top priorities. We seek to constantly enhance the customer experience and satisfaction by offering professional support. From standard portfolio through serial production to customized battery solutions: we offer the right battery solution for your applications.

### **HIGH-QUALITY**

By means of continuous improvement processes and the commitment of every employee across all levels, we strive to guarantee utmost consistent quality of our products and an optimal power supply.

### **LONG-LASTING**

Our batteries are the first choice products for professionals in the watch industry. They provide a long-lasting and reliable power source.

### **WE ARE BATTERY EXPERTS**

We own over 40 years of coin cell production know-how and expertise. Our own R&D department ensures continuous improvement and provides an on-going pipeline of innovations.

### **THE SWISS WORLD CLASS LEADER IN COIN CELLS**

Nearly each Quartz watch is factory equipped with Renata batteries. We are the world market leader for watch battery replacement. Our watch batteries are produced on production lines in Switzerland.

Reliable power made in Switzerland!
